

Create An Additional Stream of Income... Easily and Effortlessly

Dear Pet Professional,

Would you like to generate an additional stream of income for yourself or business? Extra income means more personal freedom...more time to travel... and more time with your family. Plus it will help you secure your financial future. By upgrading to an Oxyfresh distributor you will have access to a reliable source of revenue no matter what—even if you become injured or are unable to work.

Oxyfresh offers you a business that is yours to keep forever--- yours to take with you wherever you go. This is job security at its best.

What is an Oxyfresh Distributor?

As a distributor, you will be able to recommend high-quality pet dental products. These products will support your existing oral hygiene efforts by keeping pets' teeth and gums healthy. The retail value of these products is immense. And the profit is lucrative.

Best of all, it's a passive income. This is income that keeps on coming with very little effort on your part. It's like an author who continues to make royalties from his book, long after he's finished writing it.

You won't have to recruit new clients, book more patients or stretch your already bursting schedule. You just tell friends, family and acquaintances about our products. You can even encourage them to become your business partner. These people already trust your expert opinion. So they'll be more than willing to try our products or join your team.

For very little...to no extra work, you can make hundreds or thousands of dollars every month and build a highly successful business.
